Structured Teaching Techniques in the Classroom

(based upon TEACCH, Treatment and Education of Autistic and related Communication-handicapped Children)

Tuesday, August 11, 2009

8:30 am—3:30 pm (one hour lunch on your own)

Description: This course will identify the academic, social, communication, and behavioral issues that can occur with students on the autism spectrum and it will address the elements and range of structure needed to support these students' success. It will provide teachers and other support personnel the knowledge and tools to create a structured environment for these students that meshes with their current setting. The presenters will highlight problem-solving techniques and materials that will help.

Structured Teaching: Taking it to the Next Level

(additional techniques based upon TEACCH)

Wednesday, August 12, 2009

8:30 am---3:30 pm (one hour lunch on your own)

Description: This course is designed as a follow-up to day one or for those who have had prior training in Structured Teaching techniques. It will provide strategies and tools for fine tuning structured teaching to meet each child's needs and will demonstrate how these techniques can be integrated into a variety of settings, including inclusion/ regular classroom settings.

Presenters: Susan Whidden, Speech Pathologist, Miami County Educational Service Center, and Kim Roeser, Teacher, Kettering City Schools present from their experience and extensive training at the University of North Carolina at Chapel Hill.

Location: Greene ESC, 360 East Enon Rd., Yellow Springs, OH. 45387

Target Audience: Those working with students on the Autism Spectrum, with Multiple Disabilities, or with specific communication deficits.....Educators, Teacher Assistants, and Related Services Providers.

Cost: \$75 per single day.....\$140 for both days (includes registration and materials for make it/ take it)

Graduate credit available through Antioch McGregor (1/2 credit per day.....1 quarter hour credit for both days payable day of workshop).
