

WE CAN HELP!

Target Vocabulary is just what you are looking for!

The CD includes:

- Directional phrases and vocabulary from all of the OGT tests, sample tests and indicators from grades 8-10 in each content area.
- Over 500 mini posters (8 1/2 inches by 11 inches) with content-specific words.
- Steps to write an open-ended question and tips for responding to an open-ended question.
- Included free for your use, prior OGT tests: blueprints, and sample tests.
- Written and saved in Microsoft Word and rtf formats.

The logo for DNA features the letters 'DNA' in a large, blue, sans-serif font. The letters are filled with a pattern of small, colorful spheres in red, white, and blue, representing the molecular structure of DNA.

Uses for Target Vocabulary

For Professional Development

- 🍏 Guide teachers through questioning techniques
- 🍏 Note content specific vocabulary and how to implement vocabulary
- 🍏 Incorporate vocabulary in questions and classroom discussions
- 🍏 Invent games using OGT vocabulary

Research Shows:

If students see only text, they will recall it 30% of the time.

If students see text repeatedly and hear the word, they will recall it 70% of the time.

If students see a picture, see text and hear it, they will recall it 90% of the time.

Samples of materials, posters and directional phrases
