

Cyber Bullying

- How to prevent Cyber Bullying On
 - Facebook
 - Xbox
 - PS3

Did You Know?

Nearly 42% of kids have been bullied online and almost one in four have had it happen more than once.

Facebook

Facebook Facts

- There are more than 500 million active users.
- 50% of users log on to Facebook every day
- The average user has 130 friends.
- People spend over 700 billion minutes per month on Facebook.

Activity on Facebook

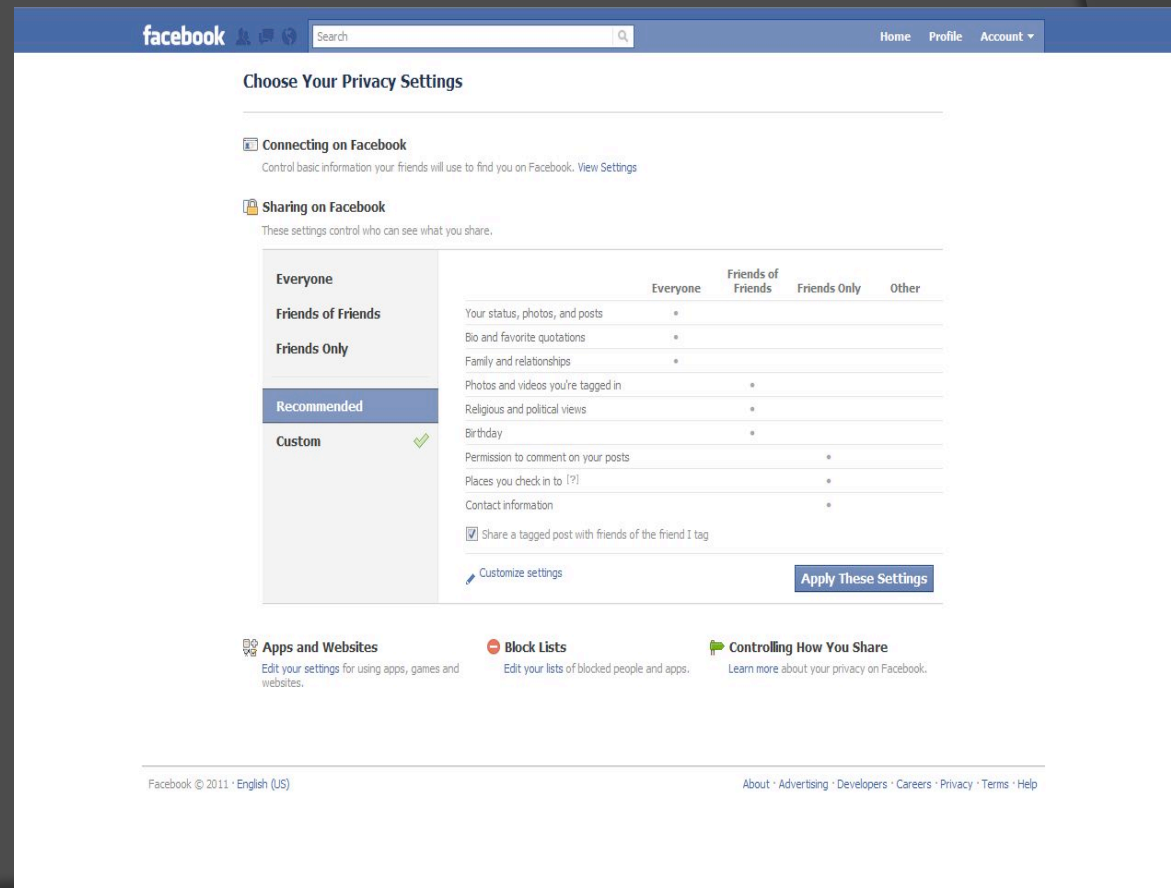

- There are over 900 million pages, groups, events and community pages.
- The average user is connected to 80 community pages, groups and events
- More than 30 billion web links, news stories, blog posts, notes, photo albums, etc. is shared each month.

Facebook

Keeping Safe and Secure

- When you first make a Facebook account, the Privacy settings are set to Default.
- To change these setting click the Account tab, and select Privacy Settings.
- As you can see there are many different options; Everyone, Friends of Friends, Friends Only, Recommended and Custom
- Click Customize Settings Button

The screenshot shows the Facebook Privacy Settings page. At the top, there's a navigation bar with the Facebook logo, a search bar, and links for Home, Profile, and Account. The main heading is "Choose Your Privacy Settings". Below this, there are two main sections: "Connecting on Facebook" and "Sharing on Facebook". The "Sharing on Facebook" section is expanded, showing a table of settings with columns for "Everyone", "Friends of Friends", "Friends Only", and "Other". The "Recommended" option is selected in the left sidebar. At the bottom of the "Sharing on Facebook" section, there are buttons for "Customize settings" and "Apply These Settings". Below the main settings, there are three additional sections: "Apps and Websites", "Block Lists", and "Controlling How You Share".

	Everyone	Friends of Friends	Friends Only	Other
Your status, photos, and posts	*			
Bio and favorite quotations	*			
Family and relationships	*			
Photos and videos you're tagged in		*		
Religious and political views		*		
Birthday		*		
Permission to comment on your posts			*	
Places you check in to [?]			*	
Contact information			*	
<input checked="" type="checkbox"/> Share a tagged post with friends of the friend I tag				*

Facebook

Keeping Safe and Secure

- Once on your Customize Settings page you can see all of the different options
- As you can see I have most of my “Things I share” settings set to “Friends Only”.
- When you finish setting your preferences you can click the “Preview My Profile” button on the top right hand corner.

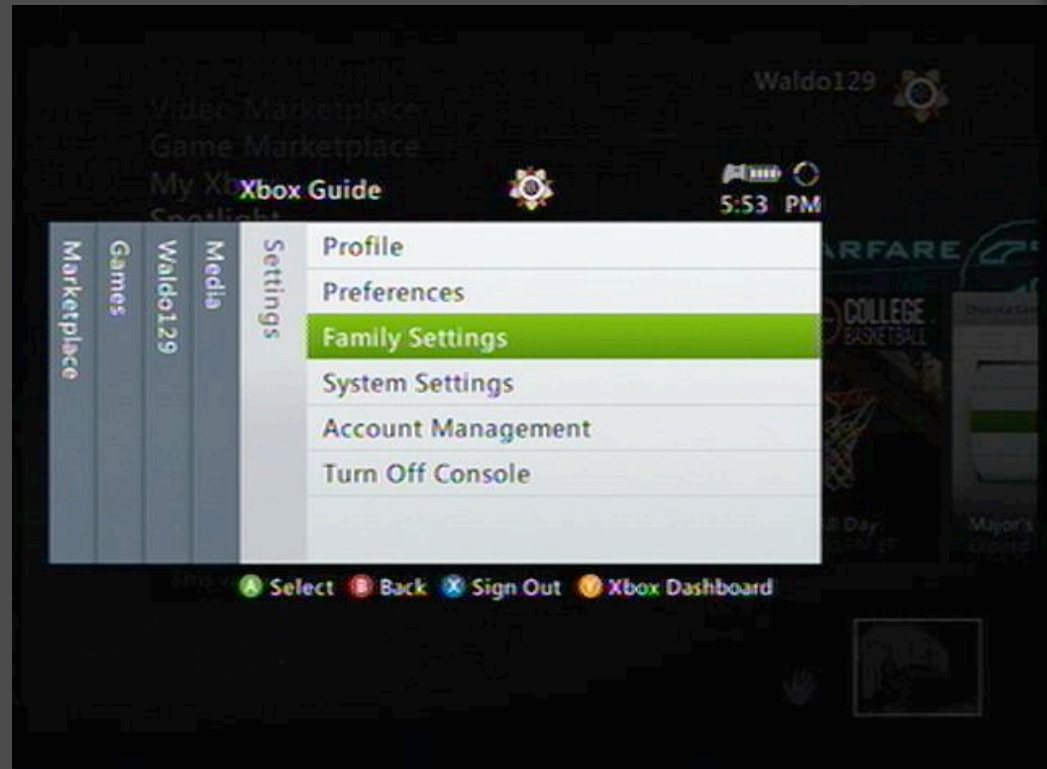

The screenshot shows the Facebook 'Choose Your Privacy Settings' page. At the top, there's a navigation bar with 'facebook', a search bar, and links for 'Home', 'Profile', and 'Account'. Below the navigation bar, the page title is 'Choose Your Privacy Settings > Customize settings'. There are two buttons: 'Back to Privacy' and 'Preview My Profile'. The main content area is titled 'Customize who can see and comment on things you share, things on your Wall and things you're tagged in.' It is divided into two sections: 'Things I share' and 'Things others share'. Under 'Things I share', there are several settings, all set to 'Friends Only': 'Posts by me', 'Family', 'Relationships', 'Interested in', 'Bio and favorite quotations', 'Website', 'Religious and political views', 'Birthday', and 'Places I check in to'. There is also an 'Include me in "People Here Now" after I check in' setting which is checked. Under 'Things others share', there are settings for 'Photos and videos I'm tagged in', 'Can comment on posts', 'Suggest photos of me to friends', 'Friends can post on my Wall', 'Can see Wall posts by friends', and 'Friends can check me in to Places'. Each setting has an 'Edit Settings' button.

Xbox 360

Keeping Safe and Secure

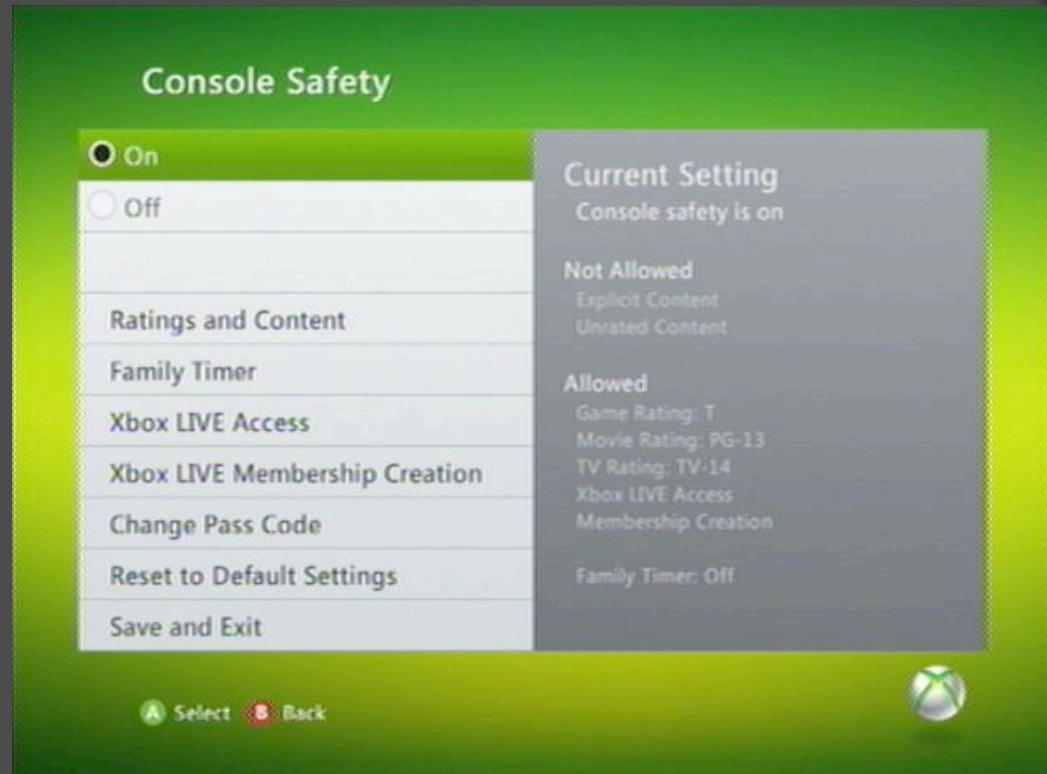

- On your Xbox 360 controller you will want to press the Xbox button.
- This will bring you to the Xbox Dashboard
- From here go to your right to “Profile”.
- Now you will want to go to “Family Settings” and select it.

Xbox 360

Keeping Safe and Secure

- Turn on “Console Safety”

Playstation 3 PS3

Keeping Safe and Secure

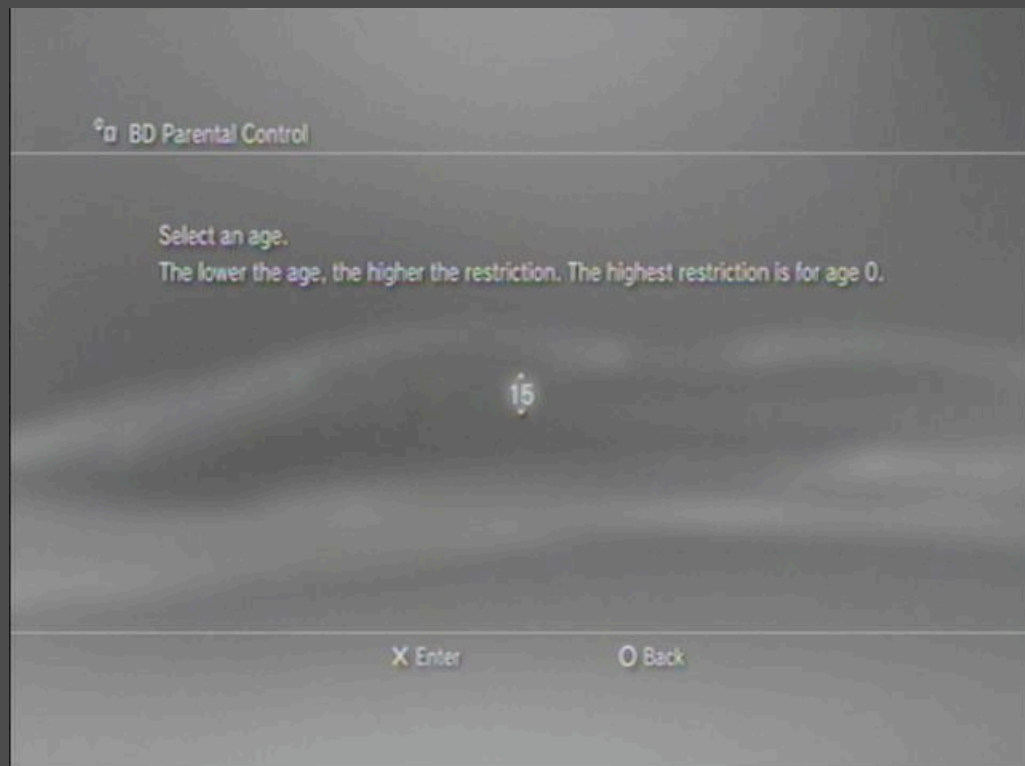

- From your Playstation menu you will want to go to the “Settings” tab, then scroll down to you see “Security Settings”
- Once here you will now want to select it.

Playstation 3 PS3

Keeping Safe and Secure

- Once here select BD “Parental Controls”. BD stands for Blu-Ray disc’s, which are movies.
- Now simply turn On Restrictions
- From this page you can now select an age for whom you are protecting.

Playstation 3 PS3

Keeping Safe and Secure

- Once you have your BD parental controls set you can now skip back a page and select “Parental Control” for game restrictions.

Playstation 3 PS3

Keeping Safe and Secure

- Level 1 - 4 : Rated E for Everyone
- Level 5 - 8 : Rated T for Teen
- Level 9 - 11: Rated M For Mature
- Off : No Parental Controls, users can play any games.
- Once finished you can now exit all parental controls.

Help to Prevent...

- Cyber bullying has increased in recent years. In a national survey of 10-17 year olds, twice as many children indicated they had been victims and perpetrators.
- About 58% of kids admit someone has said mean or hurtful things to them online. Five out of ten say it has happened more than once.

You can help stop Cyberbullying!
